    2.   Answers to the following question:
    a.   Our slideshow is very basic. What functionality could you add to make it a better slideshow? List at least 3 improvements. I'm not looking for code here just your thoughts.
    -Animation of the planet growing larger when clicked
    -a more creative looking website, with space designs
    -making the planets slowly spin when the focus is on it.

    3.   Submit answers to the following:
    a.   What questions did you have about the lab? What didn't you fully understand? N/a
    b.   What was the hardest part of the lab? dealing with onclick, I had syntax errors based on misspellings which took some time to notice and fix.
    c.   Rate your comfort level with this week's topics. 1
    1 ==> I can do this on my own and explain how to do it.
    2 ==> I can do this on my own without any help.
    3 ==> I can do this with help or guidance from others.
        If you choose this level, please indicate HOW this person helped you.
    4 ==> I don't understand this at all yet and need extra help.
