IST 263 Project Milestone 6 – First Draft Using CSS
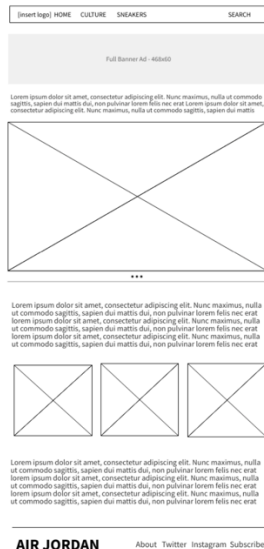

Name: LEKA LEE-MAEBA

Description:
For my IST 263 Project I will be creating a website about the famous sneaker brand, Jordan. The homework description states it should be something we are passionate about, and currently having over 20 pairs of sneakers, I consider myself passionate about fashion and sneakers in general. It also states that the website will have multiple pages with a substantial amount of text and images. I will accomplish this by ranging topics from the history of Jordans, the impact on the black community, influence in sports, entertainment, pop culture, and more. By mixing in my personal interests with my educational interests I looking forward to working on this project through the course of the semester.

What is the url of the page you choose to work on for this part?

https://lekalee.github.io/ist263/project/home.html

Paste a screen shot of the wireframe you created for this page below.

Provide the URL of the WAVE checker for this page below.
